Bus/RV Laser Wheel Alignment System

The Bus/Heavy Duty Truck laser alignment system is the same as the Tractor/Trailer alignment system without the trailer capabilities. This system measures toe and tracking on buses and RVs - regardless of tread width or wheel base.

The Bus/Heavy Duty Truck laser alignment system is unsurpassed in simplicity and reliability, and is accurate to 1/64th in. The system runs on D cell batteries. There are no cables or computers.

Alignment System comes with an easy-to-follow training video, instruction manual, and a two year warranty.
